### Product Description

31.5" 240Hz Curved Gaming Monitor

C32G2ZE is the gaming monitor of your choice. At 240Hz refresh rate and 0.5ms response time, the curved gaming display eliminates screen blur and transmits ultra-smooth imagery. FreeSync Premium Technology ensures that the refresh rate is constantly synced with your processor which offers intense stutter-free on-screen action. The curved 1500R, VA Panel is equipped with HDR mode and delivers superior consistency with wide viewing angles, giving you everything you need to be on top of the game.
